“ Cheryl and family, I was so sorry to hear of Harris passing, I have known Harris since he worked for Morris Horowitz. He was truly and wonderful person, and gentlemen, was always willing to help you any way he was able too. He became a friend as well as what I liked to call him "my jeweler"!!! I am truly sorry for your loss and know that I will always remember Harris fondly, and keep you and your children in my prayers. Sincerely Ellen & Chuck Anstotz

“ Harris was a good friend to my older brother Irv. He would bend over backwards to do anything we needed. Growing up Harris was our jeweler to my family and for my sweet 16 I got a beautiful heart ring that had 2 small diamonds in it. Well, of course I lost one of those diamonds. I will never forget how generous Harris was when he replaced the diamond at no charge. When it came time to choose my wedding band Michael and I went right to Harris. Of course I couldn't find what I had in mind so he made something very special for me that I loved and always got compliments on. He was truly very special. We only have fond memories of him.
