“ 3 years have gone by today Mom saying Goodbye to you was the most live changing thing I ever had to in dour & most emotional time of my life. I didn't know not having you around would actually cause me to be in such physical pain & in such shock that I couldn't even sleep because I was. So traumatized with grief & all I did was cry. I'm now doing a lot better then I was before it's still not easy. Not to hear your voice over the phone & say I Love You. At least our last conversation was I love you & just talking about the day we both had. I just wish you & Erin did not have to argue the night before you passed away. But I know you both did not mean what you said either of you. You loved us both equally you would say stop arguing with each other I love you both equally I don't love one better than the other I love you both.

“ Mom,
Today is the 3 years that have past. It hasn't been easy, obviously. I have not been able to get you out of my mind recently. I miss hearing you say to me, "everything is going to be ok Erin, everything will work itself out"! What I would give to here you say that, or hear you tell me, "Erin your a great mother and no one can ever take that from you". I wish you could see the boys, they are so big! It's really hard to write this because I am crying so bad, I can't even see!! Anyway, I am really going through it right now and I have no one to turn to. I was wondering if you and Mom-Mom could give me some kind of strength to help me get through all of this cause it sucks doing it alone and always feeling alone!!

“ Hi Mom I Miss you. My birthday was different with out you this year I'm so use to getting a call from you every year to say Happy Birthday & it sucked. I been struggling this year without you for some reason. I guess it's because I still have a hard time with how you left & what I went through the night it happened it changed me for the rest of my life & Nobody will ever understand that But myself. Anyway Mom Mike & I celebrated our 1 year wedding Anniversary. Getting married without was the hardest day of my life I cried so much that day I knew if I would have postponed getting married again you would have kicked my butt Lol. We miss you a lot I hope Mom Mom & Pop Pop are not driving you to crazy up there I talk about you all the time everyday. Thank you for being my Mom I know I wasn't always an easy kid or teenager sometimes. But I remember everything you taught me about life. I love you Mom talk later. ❤️🥂

“ Hi Mom, It's my birthday today and miss hearing you call and say haer ppy birthday! no matter if we were fighting or not, you would always call and wish me me a happy birthday and tell me how much of a good mother, wife and women that I was! Then we would cry and make up and usually would stay on the phone for at least 45-an hour! I would do anything to hear you your voice and have one more conversation with you!!! I feel lost and like my life is upside down and I have no one! I MISS YOU,, LOL,, I would even settle for an argurment!! MOM, I am really sorry things weren't different between us when you were taken from us (I hate the word passed or died)!! I really need that boost of self confidence that you would give to me, I really wish I could here you say everything is going to be ok Erin!! It felt so comforting, I know we didnt always see eye to eye on things but it was only because I wanted better for you! Anyway, I'm falling apart and need some strength, can you please help me get through this pain!? I just need to hear everything is gonna be ok Erin, I know you can"t tell me but I just want to feel it! SOMETHING, ANYTHING, PLEASE!! I miss you mom and love you!! Wow,,, can you believe I'm 40 years old today!? Oh, and by the way, both the boys's made first honors, (not like that's a surprise)! How the hell are they so smart, I hated school!! Well, Goodnight mom, LOVE YOU!

Love Always and Forever,
Erin

“ Mom...I would do anything to hear your voice even if you were were yelling at me! I know we didn't always have the best relationship but I tried to do what I could for you through out the years! I keep wondering why you had to go the way you did and it is so frustrating! I wish I could of saved you from all of this so bad!! I am filled with so much hurt and sorrow that I can't ever see this getting easier in the future...Im trying so hard to keep it together for the boys cause I know you would say that to me! Im trying to remember the good times but they make me cry too because we didn't have enough of them and it's so unfair! I wanted you to be there to watch the boys grow up ...Im so upset mom! Please...do something or send me some kind of message to let me know that you are listening to me and that your ok and that this is going to get easier! I love you mom and I miss you and I'm sorry!

“ Hi Shannon you will be missed by many.
To the family and friends I'm so very sorry for your loss. You are all in my prayers and thoughts.

“ To Shannon, my friend for 17 years. You and I have been through so much from the beginning. We've both had our ups and downs over the years but we were always able to comfort each other at the times most needed. Many good times were shared. Even the times when one of us got angry at the other, it didn't last long because of our mutual love and respect. You will be sorely missed and I will keep my promise to watch over your girls. Love, Donna
P.S. Don't forget to hold a spot for me up there.
