“ Tony and I have known each other for nearly a decade. I can only describe his intelligence as other worldly, which was what originally attracted me to him. We shared our thoughts, minds, and souls. Tony was my best friend! He had a GREAT relationship with my grandmother, sometimes just coming over to have a philosophic conversation with her. He was great with my son, and err made a lot of memories together with him.

Tony had a shine. It's very hard to find someone that glows without effort. That was him. I will forever miss him dearly. I know he is shining down on this he loved, and I can't wait to cross paths with him again.

I love you, Anthony Christopher.

See you around.

Love always and everywhere,

Maria Danielle Layne

“ I have known Tony since he was a baby. He was a real sweetheart, being compassionate and caring. He will be missed by many friends and family members. He would offer his help with his computer and technical expertise, as he was highly intelligent. Tony was quick to help anyone, including the homeless. He was a great animal lover, never leaving a struggling kitten behind without bringing it home. Tony loved as deeply as he was loved. Now, there is an emptiness, and sadness in my life, and I will hold him close to my heart until I see him again. Tony was a one in a million man, and I will miss him dearly. My deepest condolences to his family. Donna and Bill Wells.
