To share to; whatever it was argue laugh cry whatever but to be united yeap that was my brother he was loud but that made him who he was . Dam I miss him if he wouldn't have been so stubborn he would have still been with me cause I always was there for him at times you just say I'm done and u just say I give up stop enabling him and that made him upset cause I was the only one he had beside mom but like I said I got tried of that S#\$T and I made him mad at me ,dam but he drove me crazy at times with them dam phone calls and all the yelling I Blocked him : yeap but not from my heart . Always made sure that he was around and ok always no matter were he was if it was Chattanooga or prison but I made sure he was ok n now he is gone and I don't know we're he is one thing I know for sure is that this was homicide. My brother loved life he had goals he would have never gone they way he did never . I need to find out what happen and I will.*

“ Tony and I had a love like no other. He was a city man when we met, I turned him onto the country life. He said, "I was his Ga Peach." When someone you love becomes a memory, the memory becomes a treasure. Live like a king....
