I always think about my cousin too her mother and her father. I just wondered what happened to you Carolyn m. I remembered the last time I saw you was that June and then July she was as gone. But she was so angry but I hop I get to see her in the resurrection too if I'm there. Miss you always

I always think about my cousin and her son. I really don't know what happened other then Carolyn being sick. But she is missed. But hopefully I will see you in the resurrection. I have a lot of work to do.

I still can't believe that She's not here. I often think she's here but I know this isn't true. They say they're in a better place but I beg the differ because if they had a choice they would decide to stay here and endure whatever they had to if given the choice to live or die. Missing my cousin
