“ *My Grandmom was my rock. The memories we shared are unexplainable and irreplaceable. The love I have for her will live on forever and I can't even begin to explain how dearly she will be missed. One of the last things she asked me was not to cry and I've been holding it together to respect her wishes but trying to talk about our memories is so hard without crying so I'm gonna make this a short passage but I just had to post something because she deserves it. I love you Grandmom.*
