“ To start off mama sheryle.Cj and i just wanted to say thank you for being a huge part of our lives these past couple of year's. Were thankful for everything or just thankful that i had you as a big part of my family,if you hadn't been here to be my support back in October whrn my mother was very sick and on life support i probably wouldn't have continued on the right path, ive never felt so alone and so scared knowing that ill never feel my mother's gentle kisses and hugs and the thought of not hearing her voice and knowing ill never be able to see her smile among her beautiful face,like you said to me over and over "may you can not lock yourself up in your bedroom with not eating and socialization with other loved ones around me,i was fading away with not a care in the world,i just wanted to be with my mom,and seeing that i was pretty close to being forced into the hospital by not only you and my doctor but whe my son opened up and said mom snap out of and push yourself to the limit and stay focused on myself and to stay strong "becese my son is only 13 and he needs me more than anything ,when you and cj pushed me to get well and focused that broke my heart,cj and i thank you for being there as someone to be able to talk to and share feelings and memories together,we love and miss you so much.fly high and tell my mom and god parents im missing them all and love them infinite and that some day ill meet all of you at the gates.
