“ *I am so sorry to hear of Danny's passing. While I no longer live in the Northeast area, I often visit St. Albert's parish bulletin. It is one way to learn about some of the wonderful families with whom I worked at the school. As soon as I read his name my mind's eye immediately remembered his dear, sweet, smiling young face. I am so, so sorry for this sad loss. Please know that Danny and your whole family are in my prayers.*

“ Dan’s smile and laugh could light up a room, his laugh was so contagious. It was impossible to not crack up at his jokes. He was the best person to stay up with and watch movies with, even though he’d always end up falling asleep. I would always tell him how corny it was that his favorite movie was *The Notebook*, but now looking back, it just showed the person Dan truly was. He loved his friends and family so deeply. He truly was one of a kind and I will always cherish every memory we made together. He will be missed so so much and loved deeply always. May his memory be a blessing to all those lucky enough to be loved by him.

Truly his loved to everyone is unconditional. There's no word that I can think off beside his never ending love and devotion to his friends and families..

“ I love you Danny! Thank you for loving me and Dalton! We miss you terribly. I will always have the memory of you and Dalton blaring the song, John Jacob Jingleheimer Schmidt every time I came into your bedroom and you guys would sing away to it! I think you guys were meant to be brothers just to torture me. I'm so happy that you and Dalton had that incredible bond. Fly high and please watch over your little brother. Love you Daniel Son!
