“ Dan, we miss you so much. Even though you were a pain and relentless sometimes, I still enjoyed hearing your stories and listening to your next plan. I know you relied on me for so much and I am happy that I was there to help you with everything. I miss your calls every day and I still listen to your voicemails. I hope you are up there looking down and seeing how much you were truly loved. I will miss you so much! I hope you are up there with daddy having a beer and are at peace.

“ Dan you were so full of life fearless and exciting to be around. May you find peace and eternal bliss with our universe above. Fly high and enjoy your freedom that we here on Earth know nothing about. Peace to you and family you have left behind. Catch you in the next realm ,Monika
