“ I sent David a birthday card with money enclosed and it was returned to me today. I was shocked and sad to learn of His passing. We were friends for years. We brought him blankets, towels and clothing to his apartment on Knorr Street. I did not know any of his friends or family members. My heart is broken and so very sad at this time. Rest in Peace David. Love, Anthony & Steven, Bryn Mawr, PA.

“ David It's so hard for me to grasp that you are gone and I must say..it's just way to soon ! I thank God tho for we had so many good memories growing up thru the years between your house and mine..for I was loved by your parents as well as you were loved by mine ! I know you were very close with your Mom for I could see why for she was such a sweetheart and she was so proud of you ! I remember all the get togethers on the weekends listening to records singing and dancing as if it was Karaoke night lol. I think we wore out all the Motown Records along with a few favorites like Anne Murray , Captain And Tenille ,Neil Sedaka and The BeeGee's just to name a few of our favorites ! I remember when you got you permit then your drivers license and soon after you got to drive your Mon's car and you were like..I look good don't I..and I would crack up lol. ! I was so proud of you for I remembered you were like so nervous but you hung in there and aced it !!! Your Mom took you me and your sister Julie out to eat & after that we stopped over your Aunt Sandy's house to tell her the good news and boy did we celebrate lol.Remember the time you stopped over and you said you wanted to clean your car and you soaped it up with Dish Liquid & you came up with an idea to put Clorox Bleach in the bucket and scribbled what you thought was bird dropping so youvlatgered it all up came inside and forgot to go back out in 10-15 mins and when you rinsed off the car..it looked like the car had leprosy lmao. The car was dark blue with all these spots and you had to drive it like that until you got paid cause at that time you were working at Sears on the boulevard !!! We laughed later but I couldn't stop laughing cause you were steaming mad ! Remember another time we went to the Devon Movie Theater and saw King King & when I went to sit down on my seat the seat popped up knocked me off balance and fell under the seat in the isle ahead of me & when you tried to help me up I pulled you so hard cause now you weren't laughing at me anymore lol. I couldn't believe I slid on trash & some buttered popcorn that spilled on the floor..so I guess you could say we were a hot mess lol. Well I could go on Dave but you already know for we laughed we joked we said a few unkind words but we always maintained our friendship ! So you give my love to your family and give my family in heaven a

hug as well and just know Dave that even tho your out of sight your never out of mind and will remain forever close to my heart !!!❤️
