MM

“ We can't believe you're gone... Steven I remember the first time I met you. You came to my apartment, walked in, said what's up.. Then went right to my fridge and proceeded to take out pork roll and start cooking it! Hahaha... You always had a big personality and that's why people and us loved and still love you. We are use to you calling every night and it's now coming to grips that it will never happen again. That's killing Mike and Emma misses it as do I. Even if I was yelling at you for doing stupid stuff! Lol.. Emma talks to you often knowing you can hear her in heaven. That gave her some peace knowing you're up there so she can talk to you whenever she wants and you are watching over us. She took it very hard as did we all. Just know we love you and you will be greatly missed..

“ I love and miss you so much Steven. My heart is hurting to hear your voice one more time. You had a way of making me laugh even on my darkest days. I can't call you on the phone every night at 10:00 to talk to you and ask how was your day, what did you eat today, and how was your sugar ???. But I do talk to the moon and the stars every night at 10:00 as if I'm talking to you Steve. My kids are also mourning the loss of you. It was nice of you to always ask about my kid's and how they were doing. You would always have me tell them that you love them. They know you did. My kids also loved you very much. Steven I miss you so much. I have a lot of good memories with you. You always thanked me for calling you, I would say you don't have to thank me, I'm your sister. I love you. The last thing you said was, I love you Sharon, you hear me I love you sis. I will never forget that. You were supposed to buy a toaster on Saturday Steven. But I think that God seen that you were tired so he took you home. I love and miss you Steve. Until we see each other again, please look after me and the kids.

“ I love and miss you so much Steven. No matter what was going on in your own life, you always took the time to ask how me and my kids are doing. We love and miss you. You always had a way to make me laugh and smile even on my darkest days. You were a good man with a good heart. I can't call you at 10:00 every night anymore. But I do talk to the moon and the stars at the same time every night. I know you will watch over me. My heart is hurting to hear your voice just one more time. I will never get to hear you say, hey stretch what's up, and that saddens me. But God seen that you were tired so he took you home. You will always be on my mind and in my heart. The last words you spoke to me were, I love you Sharon do you hear me, I love you. That will always stay with me. I love you Steven. I will see you on the other side some day. Love always your sister Sharon, AKA Stretch.
