“ tori,i want you to know you are in the best place ever, and dad and i ,dont have to worry if your safe or not.I just wish you had not been so trusting of everyone,or so secretive of your life. you might still be here today with us. i do miss you so much,even though we did disagree on a few things. we will find who did this to you,because someone out there will slip up.I know you are with mom and uncle steve,and maybe rosie.you are missed every day by dad and me.

“ *Tori, my only real true friend, i love you with all my heart and now a huge piece is missing. I really just want to be with you but i am going to stay strong, i am living my life for you now. You gave me some of the happiest times of my life and i will never ever forget how great of a friend you were. You will always, always be in my heart. I know you are in a better place now, you were such a strong person here and always kept a smile through everything, but now you can be at rest in paradise. I love you Tori*
