“ Although I was deeply saddened to hear of losing my work colleague and friend Bill, I take comfort in knowing there is a new angel above us.

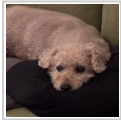

I'm honored to have been only one cube away from Bill at our PNC Office for these past few years. I already miss our daily sports chats as Bill was the go to guy on our ball team, the Phillies. Although he was often the voice of reason in his ideas on what to do next, there was never a doubt that he was an ardent true fan. He was so looking forward to a new improved 2020 lineup & more pitching too. Though the Phils may get 'em next year, I'll surely miss the excitement and commitment he provided about them daily.

He also loved the Eagles and was so happy, as we shared memories of their Super Bowl victory in 2017!

I'm sure that his wonderful gentle soul will remain close to our hearts forever. God Bless and Rest in peace my friend

Thank you, Dave. Even though Bill & I were not in touch for years I can see why you left this beautiful tribute.

He was a true Phillies fan & knew so much about Philadelphia sports.

Many memories have returned & I am so sad not to have stayed in touch with my cousin.

My brother Bill & I will keep our cousin Bill in our prayers.

Sincerely,

Marie Wysoski Conklin
